PartridgeIndia. Paperback. Book Condition: New. Paperback. 378 pages. Dimensions: 8.0in. x 5.0in. x 0.9in. Looking back, this book is a perfect blend of the memoirs of an innocent Kashmiri boy, a chemical but turned out to be a mechanical engineer, a cadet, a shuffling army officer and surveyor. From snowcovered lands of Kashmir to the vast ice masses of Antarctica, from times spent in college to life at the Indian Military Academy, from a career spanning across ranks of the Indian Army to years spent in the Survey of India, the book encompasses within its pages learnings, teachings, experiences, contributions and rewards along life's journey. The book and the author take you on a gripping journey through the insurgency infested Naga Hills, the mysterious and ever so unknown continent of Antarctica, as well as on foreign tours of strategic importance to the United States, Pakistan, China and Russia. The author's firsthand views on the contentious and sensitive issue of Sir Creek, as part of the Indian delegation to Pakistan, sure sheds a realistic insight on this matter of both national and international importance. Is the book an added value? You bet! It is a perfect blend of how to what to and when to be it conquering one's simple fears or the ever so difficult act of quitting smoking, be it chasing your dreams or the need to deliver your best, this book sure has valuable take aways for all. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
